

-  **39% - Rate of tobacco use for Korean American Men**
-  **43% - Rate of tobacco use for Vietnamese American Men**
-  **71% - Rate of tobacco use for Cambodian American Men**
-

**15,000-20,000 ASIAN AMERICANS AND PACIFIC ISLANDERS
WILL DIE EACH YEAR FROM TOBACCO RELATED ILLNESSES.**

What can you do?

EDUCATE AND BE EDUCATED

**FREE WORKSHOPS ON TOBACCO CONTROL
By the Asian Health Coalition of Illinois**

If your organization is interested in learning more about the impact of tobacco on the Asian American and Pacific Islander community this is the workshop for you!

Who: Organizations serving the AAPI community

What: Educational, interactive workshops on tobacco control issues with a special focus on AAPIs for organization staff and board members.

Following are some possible workshop topics:

The impact of tobacco on AAPIs

Second hand Smoking and Clean Indoor Air

Involving youth in tobacco control activities

Integrating tobacco prevention and cessation education into existing programs or

Developing your own tobacco control program

Length: 1.5 – 2 hours

When and Where: Determined by the requesting organization

How: To schedule a workshop fax, e-mail, or phone the following information to Susan Kim
Fax: 773-878-0783 / Phone: 773-878-0761 / E-mail: susan@asianhealth.org

With funding from the American Legacy Foundation and the Office of Minority Health, the Asian Health Coalition of Illinois, as part of their multi-component community-based tobacco control campaign, is providing workshops addressing tobacco issues to organizations serving the Asian American and Pacific Islander Community in Chicago.
